

a Metropolitan Statistical Area and has fewer than 50 beds.

This notice would have little direct effect on payments to rural hospitals since this rule would recommend coverage changes that would affect primarily ophthalmologists, ASCs, and hospital outpatient surgery departments. Very few small rural hospitals would have an outpatient surgery department.

We are not preparing an analysis for section 1102(b) of the Act since we have determined, and the Secretary certifies, that this notice would not result in a significant impact on the operations of a substantial number of small rural hospitals.

In accordance with the provisions of Executive Order 12866, this notice was reviewed by the Office of Management and Budget.
